Medallists in the Graduating Class 67

Recipients of Honorary Degrees. 71

The Convocation ceremony (the calling together of the academic assembly) has its roots in university traditions of medieval Europe.

The Mace

The mace is a staff symbolizing authority. In the days of knighthood, it was a weapon, but after the 16th century it became solely a symbol of authority carried by a distinguished member of an assembly. It is used on ceremonial occasions to signify the right of an individual or institution to perform a certain function—in the case of universities, to grant degrees.

At Convocation, the mace is carried ahead of the Chancellor as she enters and leaves each ceremony. (Marshal of Convocation H.H.J. Nesbitt has performed this function for all but one of the University's Convocations.) During the ceremony the mace is displayed on a special stand as an embodiment of the authority of the University.

Carleton's mace was presented to the University in 1976 as a gift from the Chairman of the Board of Governors at that time, Mr. Hyman Soloway. It is a silver-plated staff approximately three feet long. At the upper end there is a bowl marked with the University's coat of arms and the University motto in both Latin and English—"Opera Nobis Aeterna" and "Ours the Task Eternal." From the upper portion of the bowl rises a phoenix. Traditional oak leaves surround the lower end of the staff.

Coat of Arms

Carleton University's coat of arms is described in heraldic terms as follows: "On a field sable; in radiants d'argent, a maple leaf gules charged with an open book; crest—a phoenix propre." It is comprised of a black shield bearing an open book on a red maple leaf surrounded by silver rays. The shield is surmounted by a phoenix, and below the shield is a scroll bearing the motto "Ours the Task Eternal."

The open book on the maple leaf signifies that Carleton University is in the nation's capital and that learning is open to all who wish to partake of it. The radiants are the light of learning. The phoenix, the legendary eternal bird, symbolizes the renewing of learning from older foundations, in recognition of Henry Marshall Tory's role in the founding of the University when he was 82 years old. "Ours the Task Eternal" is taken from a Walt Whitman poem entitled "Pioneers" and ties in with the eternal quality of the phoenix.

The Diploma

The diploma the graduates receive at Convocation is the certificate of qualification which publishes the fact that the student has fulfilled all the requirements and completed the prescribed course of study for the degree. As the senior academic legislative body of the University, it is the Senate which has determined whether the requirements have been met. The signatures of both the Chancellor and the President of the University appear on the diploma: the Chancellor because of her role in conferring the degree, and the President who, as Chairman of Senate, certifies that Senate has enacted the required motion to award the degree. The Seal of the University is affixed to the diploma as a mark of authentication.

Academic Dress

The academic dress of Carleton University is a compromise between that found in the ancient foundations of Britain and Canada and the American Intercollegiate Code. All three hoods—bachelor's, master's, and doctor's—are of the simple or Oxford shape. Bachelor's is made of black stuff; master's and doctor's are made of black silk and all are lined with silver silk with two chevrons, one of red and one of black. From bachelor's to doctor's the hoods are progressively longer and opened to show more and more of the lining. The velvet border of the hoods denotes the degrees granted according to the following colour combinations: architecture is cerise; arts is white; commerce

is camel brown; computer science is royal blue; engineering is orange; industrial design is dark cardinal; journalism is white with a black cord sewn slightly in from the lower border; music is venetian pink; public administration is peacock blue; science is golden yellow; social work is cream; and doctor of philosophy is purple.

The bachelor's gown, to be worn with the above hoods, is of full length, made of black stuff, with a gathered yolk behind, and long open-fronted sleeves. The master's gown is of full style, made of black silk or rayon, with full gathered yolk behind, and closed sleeves with an opening at the elbows. The doctoral gown is the same style as the master's, made of fine royal blue cloth with facings of light blue silk.

The gown of the Honorary Doctor of Laws, Literature, Science, and Engineering is a full robe with bell-shaped sleeves, made of fine royal blue cloth with facings and sleeves in light blue silk. The hood is made of the same material as the gown, has the same lining as that for degrees by examination, and is bordered with dark mauve for the degree Doctor of Laws; vibrant blue for the degree Doctor of Literature; red for the degree Doctor of Science; and orange for the degree Doctor of Engineering.

Mary S. O'Brien, M.B., Ch.B., L.M.C.C.

Dr. Mary O'Brien, former Director of Health Services at Carleton University, will be awarded the degree of Doctor of Laws, *honoris causa*, at the morning ceremony on Thursday, June 7, "in recognition of two decades of devoted and caring service to the students, staff, and faculty of Carleton University in the area of health services, culminating in a directorship marked by dynamism and vision."

Dr. O'Brien was Carleton's Director of Health Services from 1978 until her retirement last August. She joined the health services staff in 1969 as a part-time physician and from 1974 until her appointment as Director, served there as Senior Physician. During Dr. O'Brien's tenure as Director, Carleton University became one of the first universities in Canada to adopt a comprehensive policy on AIDS. She was also instrumental in setting up health education programs on alcohol and drug abuse, sex education, and smoking. Dr. O'Brien obtained her degree in medicine from the University of Edinburgh in 1947. She is a member of the Ontario and Canadian Medical Associations, the College of Family Physicians, the Canadian Association of University Student Services, and the Ontario Student Health Association.

Douglas R. Colton, B.A., B.Sc., Ph.D.

Dr. Douglas Colton, Director of University and Government Technical Relations at Northern Telecom, will be awarded the degree of Doctor of Engineering, *honoris causa*, at the afternoon ceremony on Thursday, June 7, "in recognition of an outstanding contribution to the emergence of a microelectronics industry in Canada and to the transfer of strategically important technological expertise from the universities to the private sector."

Dr. Colton has been Director of University and Government Relations at Northern Telecom Electronics and President of the Canadian Micro-electronics Corporation (CMC) since 1984. He was instrumental in setting up the CMC – a non-profit corporation which supports university/industry research and training programs in integrated circuit technologies. From 1965 to 1984, Dr. Colton was responsible for overseeing basic silicon research and development at Bell Northern Research and Northern Telecom. During this time, he managed the research group responsible for early work on the implementation of filter-codec devices. These devices helped to make Northern Telecom a world leader in digital communications. Dr. Colton has undergraduate degrees from the University of Saskatchewan and the University of Alberta. His Ph.D. in physical metallurgy is also from Alberta.

The Hon. Gordon Robertson, P.C., C.C., M.A., D.C.L., LL.D., D. de l'Univ., F.R.S.C.

The Hon. Gordon Robertson, former Chancellor of Carleton University, will be awarded the degree of Doctor of Laws, *honoris causa*, at the morning ceremony on Friday, June 8, "in recognition of a substantial record of leadership demonstrated in the public service of Canada and of an outstanding contribution to the life of Carleton University in the office of Chancellor over a 10-year period."

Mr. Robertson began his career in 1941 in the Department of External Affairs.
